

## TOTTERIDGE 2020 GOLF FEES & DYNAMIC PRICING

Totteridge is a Rees Jones designed golf course that was founded in 2001. It is open to the public and welcomes annual members, daily fee players, golf leagues and outings. The 18-hole, par 72 championship golf course is situated on 270 acres. Five (5) sets of tees offer an enjoyable test of golf for all skill levels. Totteridge has the area's best practice facility – grass tees, target greens, a dedicated short game practice area, and practice greens for chipping, putting and sand shots. However, due to the protocol mandated to minimize the spread of the Coronavirus, tee time intervals are increased, which significantly reduces the number of players allowed on the course. Golf carts also impact the number of tee times available because carts are limited primarily to 1 occupant. Golf outings are not permitted. Golf leagues can't socialize.

For this reason, Totteridge has decided to move to DYNAMIC PRICING. Starting June 1, golf fees at Totteridge will continue to be maintained from the Standard Rate structure (see Table below), but will become flexible based upon demand. The effect of dynamic pricing is that tee times in high demand will see fees increase as the tee sheet fills up, and fees will decrease when the tee sheet has openings. The online tee sheet at [totteridge.com](http://totteridge.com) will always reflect the current pricing for a specific date and time. Tee times are accepted online 2-weeks out; tee times are accepted by phone 1-week out. All bookings will be secured with a credit card.
